Dear Mr Weisberg

"Ignorance is bliss" sometimes seems like a real fine way to be - They may drag the rest of us down with them - But the fact that it seems to be the State of the majority - its the few that suffer - Maybe I'm just intelligent enough to realize how stupid I am - But I feel its a rather frustrating State of "limbo" no matter how one slices it,

My neighbors all, around me - seem so uninformed unconcerned & happy to leave it this way - I didn't plan being this way & neither did they - why we each are so different - is a strange thing to ponder.

Penn Jones Jr. did a fine job - especially in his rather

unhealthy location. But, you are still the leader in all ways in your books.

If you had planned to start an ad in any form - in any media I would be glad to contribute. It would have to be around Ten dollars at the most. But "The one carded" theory may hold in this case. This is the time for you to be read - if it is to do the most good -

We are still trying to get to N.O. Fred wants $8,000.00 per year - & N.O. is dragging its feet in his field. If we do - you have a standing invitation to be our guests anytime you'll are in N.O. or in Columbus - while we are still here - It means leaving my Mother to go to N.O. & this pulls me equally two ways - & tears me apart at times - My Mother is retired & widowed.

Sincerely
Lois Saxfield -

I have your pictures on your books-
So I thought I'd send you a picture of us.
Please return it someday if you don't want it.
I hope I'm not being presumptious.
